595 28	i350RBCA2	ABT BC System Equipment	The ABT Bone Conduction Audio System combined with TLP Level One provides an engaging experience to integrate the whole body and brain in the listening process. This multi-sensory approach accelerates and expands the benefits of The Listening Program. Bone conduction is portable and affordable and offers the convenience of home or school based listening. Bone conduction presents the music simultaneously through two different sound conduction pathways, air and bone. It provides a direct, clear transmission of sound to the cochlea and vestibular systems in the inner ear, adding subtle vibration of the skin and skeletal system.	30	\$793.91
595 28	BB	ABT BrainBuilder	The BrainBuilder exercises will train and improve mental abilities that decline as we age, contributing to better cognitive performance and brain health. Children, teens and adults benefit from BrainBuilder by mapping a rich network of connections between brain cells that become stronger through practice and experience. This will make learning easier and lead to greater achievement today and later in life.	30	\$177.41
